

December 2012..

WESTPORT HISTORICAL SOCIETY

LISTING OF ORAL HISTORY VIDEO DISCS, 1992 – 2008. (71 pages).

INTERVIEWS CONDUCTED BY CLAUDE LEDOUX AND OTHERS.

INTRODUCTION: ‘ WESTPORT MATTERS’ cable TV shows were aired weekly on cable public access channel 17 from early 1993 to mid 2004. First showings on Fridays and were repeated three times during the following few days. The shows were live from the cable studio as well as previously taped at various locations. There have been about 450 different shows, the following lists roughly 300 which have been archived. The archived material (computer discs and a 2TB hard drive) is available for historical information, or research, at the Westport Historical Society and Westport Public Library. All Episodes are DVD Format. Anyone interested in obtaining copies can contact Claude Ledoux if such are not available from the two above listed agencies.

Although the quality of some sessions is not of a professional nature, they are included due to their historical value to future researchers.

It is hoped my investment of a few thousand dollars, as well as volunteering thousands of hours for preparation, production and conversions, will be of benefit to present and future researchers. Sincere thanks to the Westport Arts Council for their generous donation of \$1200.00 to help with completion of this project.

Sessions are listed chronologically and are also cross-referenced by subject. Listings are available on an Index CD (Microsoft WORD) which facilitates the search process.

Claude A. Ledoux. December 2012.

TABLE OF CONTENTS:

Chronological listing, pages 1 to 16.

Subjects listing, page 16 to 52.
